

## **Activities To Help Naming – Extending Vocabulary Skills:**

**Choose a selection of everyday objects to play these games with or work through some everyday categories eg animals, clothes, food, toys, furniture, transport.**

### **1. Feely Bag**

Place every day items in a pillowcase or bag. Encourage your child to pull out one at a time and name it.

### **2. Pull-a-string**

Tie string to objects in a box. Pull a string and encourage your child to say what comes out.

### **3. Rolling Cube**

Find or make a cube shape box. Stick an object picture on each side. Encourage your child to throw the box and name the picture that lands face up.

### **4. Hide & Seek**

Hide some pictures or toys around the room. Encourage your child to find and name them.

**Help your child to name objects by giving choices e.g. Is it a cat or dog?**

**You could also encourage your child to finish your sentences e.g. ‘Oh look there’s a .....’**
