

## Q2 Home Learning (Learning for Life Skills)

Wb. 8.06.20

Hello Q2!

I hope you all had a good weekend.

Thank you so much for the wonderful work you have been sending and for continuing to check your emails, the website and accessing seesaw. Keep uploading your great work/photos or email them to [DINOSAURS@mayfield.bham.sch.uk](mailto:DINOSAURS@mayfield.bham.sch.uk).

For the second week of this new term I have set you all **2 pieces of work and follow on activities based on your individual learning for life skills**. Please make sure you look at your email and seesaw for details from Monday. In addition, please see below for general guidance:

- **Science**

Watch the clips about living, non-living and once alive things:

<https://www.bbc.co.uk/bitesize/topics/z6882hv/articles/zs73r82>

Go on a scavenger hunt and find as many things as you can that were never alive and things that were once alive. See if you can sort them into 2 groups- Never alive and once alive.

Choose which worksheet you can be as independent as possible completing from a choice of 2.

- **Topic**

Following on from practically planting your chosen plant last week and looking after it carefully (perhaps a sunflower!), revise your knowledge about plants using BBC bitesize: <https://www.bbc.co.uk/bitesize/clips/zv2qxn>

Watch the sunflower power point and complete the sunflower life cycle sheet. You can add your own words, phrases or sentences to describe what happens.

### Website of the week:

In addition to sumdog and bug club, which you should all have logins for and can access as and when you want to (please let me know if you need any help!), check out:-

<https://www.funbrain.com/pre-k-and-k-playground>

There is a variety of Maths and Reading games for different abilities.
